ADMINISTRATION REPORT

Mr. Patrick O'Donnell provided the administration report. Mr. O'Donnell shared an updated student count for the year. For K-12, we are currently at 48 students. This is one less student then we had in K-12 for last academic year. We had one student leave the district to do a program that allowed the student to graduate early. We had 3 others who moved out of the district. We had two elementary and one high school student start school in the district. Next Board meeting, Mr. O'Donnell shared, he will provide a preschool count as well. The new website is up and going. It'll take some time to ensure all the updates and required information is on the website, but the office staff is actively working on it. Mr. O'Donnell plans to send out the August newsletter this week. He wanted to include decisions from tonight's Board Meeting in the newsletter. He plans to upload it to the website, send it out in PDF format, post on FaceBook, and pass around town. Mr. O'Donnell thanked the PTO for their continued support. The PTO helped with the Open House, and are working to plan monthly events. Mr. O'Donnell appreciates the Youth in the Community Focus that PTO is sharing with the School. The PTO also provided welcome back to school bags for all of the kids today. Thanks to the PTO for their dedication to the children. Our YPS FSA (Young Public School Fitness Sports Athletics) program is ready to start on August 18th. Thank you to the Lloyds for their commitment to improving the fitness level of the kids in our community. This is a community wide program, open to anyone who would like to join.

The Open House was a success. Mr. O'Donnell thanked the Library Board for donating books to every student at YPS. In preparing for the Open House, the staff worked tirelessly to prepare the campus for the start of school. A big thank you to Mr. Guy McGill for volunteering his time to come and mow our grounds prior to the Open House. Mr. McGill spent about 4 hours mowing, which helped our maintenance team focus on other projects.

The School recently had an issue with our well. Thank you to Starla, Ray, and Josh for their help in getting the issue resolved quickly.

As the school year is starting, there have been several people curious about the bathroom situation. For this school year, the student bathrooms in the academic building will be used by the elementary students. The high school students will use the bathrooms by the cafeteria. This will help keep a separation of ages, and minimize disruptions. If the Jr or Senior High students need to use the restroom, they will come through the office, and sign out. Go to the restroom, and then come back to the office to sign back in. This will help keep track of where students are, as well as keep students out of the parking lot during school hours.

We have added a 0 hour to our school day. This adds 15 minutes to the school day. 0 period is a "Citizenship and Character" focus, where the entire school meets at the Flag pole, participates in the flag raising as well as character building lessons. This is open to any members of the Community who would like to attend and participate.

He requested to address the board regarding item 7, J. to discuss further COVID related issues and Staff Security (Policy Advisory 687). Mr. Peerbolt shared his concerns about the mandatory masking, and wanting to know if the school would be requiring masks, as well as mandatory testing or vaccines. He would like as much information as possible about what the school will be doing so he can make the right decisions for his family.

BOARD APPROVAL OF M&O REPORT, GRANT REPORT, AND STUDENT ACCOUNTS REPORT

Stephanie Rider presented the M&O Report, Grant Report, and the Student Account Report. In reviewing our M&O account, we have committed approximately 50% of our anticipated revenue, which is on track for where we were last year at this same time. We will continue to watch our spending and revenue to make sure the district remains debt free.

Student Activities Accounts hasn't changed since last month. As this is the first day of school, we know it'll take a little lead time to get the student activities up and going. We are hopeful the students get to have more activities this school year.

The school has received \$127,792.50 in grant money so far this fiscal year. This grant was to replace HVAC systems that are no longer working. We have also submitted for approval for the design portion of our weatherization project. This will cost about \$80,000, and we are hoping to have it entirely covered by grants through SFB.

Guy McGill made the motion to approve M&O, Grant, and Student Accounts reports. Linda Chapman seconded the motion. Linda Chapman, Dave Megahey, and Guy McGill voted aye. The motion was approved unanimously.

BOARD APPROVAL OF THE 2021-2022 REVISED BUDGET

Ms. Rider presented the revised budget for FY 2021-2022. Ms. Rider reviewed the budget. DISCUSSION OF ANNUAL AUDIT REPORT

Stephanie Rider led a discussion on the FY 20 Annual Audit Report, received from Dobridge. There were 21 comments on the audit with suggestions for improvement. The district has provided our plans to implement those suggestions. Item 13, which refers to payroll practices, and the withholding of ASRS, the district is in disagreement with the auditor. Our records show we appropriately withheld ASRS as required for employees. We have reviewed that information with our auditors again, and they are in agreement that it was an error. Because the audit has been published, they will not make a formal correction of their error. Ms. Rider concluded with sharing that the District is committed to making sure we are adhering to the USFR, and all laws and regulations that pertain to us.

APPROVAL OF DISTRICT TRAVEL PER DIEM POLICY

BOARD DISCUSSION OF COVID AND RELATED ISSUES

The Board began their discussion with a review of ASBA's COVID Back to School Snapshot Policy, Safety, and Advocacy. They reviewed the laws, CDC guidelines, and additional supporting information. Mr. O'Donnell posed the question – should we require masks? Or allow an option for masks? Through discussion with the Board, the common agreed consensus was that each person's individual preference should be respected. Each parent should have the freedom to decide what is best for their children. The Board felt strongly that there should be no negativity towards either side. They also agreed that the school should not be used as a testing site, or a place for the administration of COVID vaccines. They did feel it would be appropriate to use good judgement related to physically distancing as appropriate. They discussed temperature checks. Patrick O'Donnell shared that during all of last year, temperatures were taken before the bus, and before school started. There was never an instance where we had a concerning temperature from a student or staff. With that information, the Board felt that temperature checks should be done where and when it's felt appropriate from the administration.

BOARD APPROVAL OF GUIDELINES FOR COVID AND RELATED ISSUES

The Board worked to develop the following guidelines as a result of their previous discussion:

The Young Public School Governing Board, having reviewed current COVID-19 related legislation, Centers for Disease Control guidance, actions taken by Governor Doug Ducey, and information from The Arizona School Boards Association, as well as being aware of YPS community preferences, provides the following guidance to all members of the YPS Community:

- ☐ Physical Distancing: Planning and decisions will allow social-distancing, as appropriate.
- ☐ Cleaning/Sanitizing: COVID-19 level cleaning and sanitizing of the District will continue.
